

HOUSE AND GROUNDS SPRING CLEAN-UP TASKS

APRIL 21, 2018 WORK PARTY

- Windows inside, need a leader **Jill Sydneysmith** plus [2] others.
- Windows outside and deck & stairs scrubbing leader **Jeremy Milsom** plus [1] other
- Upper shed upper/lower clean up. Leader to be **Phil Sigmund** ; plus up to [6] more members. Tasks require vacuum, brooms, rags, window cleaner of some type, upper floor requires peppermint oils spotting for rat deterrent. Do a quick clean up of new upper bed.
- Landscape weeding brigade, leader **Betty Hunter**; plus [12] other members. Task requires light plastic bags, rakes, shovels, gloves and wheel barrows. For weeds only we can dump to the north ravine area , for horsetails we should bag & remove from club area.
- Winter damaged plants, pruning & pampas grass cleaning, leader **Betty Hunter**, plus up to [4] other members. Debris to be collected and put into one of the member pick-up trucks for disposal at Burnside. Trucks by **Ben Greenhough &/or Ben Sutton**
- Chris Cheeseman has [2] gutter siphons that need to be installed at the rear of the upper shed. Require 2 members and one ladder to complete the task
- Ditch clean-out & trimming by weed-eaters. This task also to cover off drain cleaning. Leader **Roy Marlatt** plus [4] others. Job requires [2] gas powered weed-eaters, 1-2 shovels, plastic bags.
- Cut-back of bushes & shrubs along Douglas Road, lead **Mark Farrow**. This task will need [4-5] volunteers to help remove tree limbs etc.
- Repair crack in basement foundation with brass wool and foam. The crack is located behind the refrigerator and can use [1-2 volunteers]
- Clean mold & mildew from underneath the decking of club house. Need a leader to prepare cleaning with Club supplied “Concrobium”, a mold killer. Expect the task to use [2] members c/w leader.
- Re-install the extinguisher onto the lower shed wall. It will then be far enough away from the electrical shed. This is a 1 person task.
